

1. Confirmation:

SL: Your discovery call has been scheduled

PV: N/A

Hey {first_name},

You've officially scheduled our discovery call.

Please do two quick things before you close this...

The first is saving and bookmarking your access now: [LINK].

The second is blocking off about forty-five minutes in your calendar: [LINK].

You can feel free to bring as many questions as possible.

I'm looking forward to it.

- Blaze

P.S. I'll be sending over resources in the next few emails

2. Unique Mechanism:

SL: The shift that changed everything

PV: N/A

Hey {first_name},

I want to walk you through something before our discovery call.

Most complete beginners trying to make money online chase random side hustles.

The issue is that it requires risk upfront, needs an existing foundation, and makes you sacrifice your freedom.

This means that you get wiped out before ever getting a chance, land back at square one every single time, and become a glorified slave to the whole thing.

You can flip the script by getting paid to post instead.

It only requires the phone in your pocket, is extremely beginner friendly, and will give you back your freedom.

This means that there's nothing there's nothing to lose, going all in becomes a rational move, and it enhances your life rather than extracting from it.

The Kickstarter is designed to help you move from one to the other.

I'll map it all onto your situation and come up with a game plan throughout our discovery call.

I'm looking forward to it.

- Blaze

3. Recap:

SL: The Kickstarter in a nutshell

PV: N/A

Hey {first_name},

I don't want you entering our discovery call without any idea of what's on the table.

The Kickstarter is how I take you from complete beginner to making at least \$5,000 per month as a UGC creator with the paid-to-post method.

Here are the main deliverables inside of it:

- One-on-one coaching calls where I'll hold your hand the entire way.
- One-on-one access that you can use to take advantage of my knowhow.
- Group coaching calls where I'll be explaining concepts and answering questions.
- Course content that teaches absolutely everything.
- A community of other complete beginners making money online.

There are also a ton of other bonuses that I'm not even mentioning right now like the Magnetic Portfolio Template.

I'm looking forward to it.

- Blaze

4. Case Study:

SL: This 18-year-old surpassed me

PV: N/A

Hey {first_name},

Let me tell you about a student of mine named Malachi.

The kid began making money online as a complete beginner at the age of eighteen while still in high school.

He followed the steps that I provided him with and made \$5,600 in his first month, which happened to be way higher than mine.

The only thing standing between him and yourself was the decision to make a change.

You're closer than you think and we'll get into that more on our discovery call.

I'm looking forward to it.

- Blaze

5. Objection Handling:

SL: Let me stop you in your tracks

PV: N/A

Hey {first_name},

I'm going to answer some of my frequently asked questions right now so that we can jump straight into important stuff on our discovery call.

Here are the ones that I've been getting the most lately...

Is this going to be costly to get started with?

The honest truth is that it doesn't require any equipment, subscriptions, or suppliers.

Do I need a following, skill, or product beforehand?

The actual reality is that starting with a blank slate actually works in your favour this time.

Is this going to consume my entire life?

The thing is that it's all designed to be as accommodating as possible.

Are you sure it's possible to earn from just a phone?

The whole point of this is to give you the most output for the least amount of input.

How am I going to manage all of this without any experience?

The best part of this is that the effort and sacrifice is nothing in comparison to the returns.

Doesn't the freedom side of things sound too good to be true?

The claims that I'm making are all backed by cold hard evidence.

We'll clear up anything else that's still on your mind throughout our discovery call.

I can guarantee that you'll find it insightful and helpful anyway.

I'm looking forward to it.

6. Conviction Building:

SL: It's different this time

PV: N/A

Hey {first_name},

I'm sure you understand by now that this is the supreme approach to making money online as a complete beginner.

You might be wondering whether or not it actually makes sense to be doubling down on though.

It's imperative to understand that brands are allocating serious budget for UGC creators who can generate attention for them on social media.

The best part is that taking this approach alongside somebody else who's already had success with it allows you to skip past the guesswork.

Our discovery call will give you a chance to learn more about that.

I'm looking forward to it.

- Blaze

7. Reminder / Risk Reversal:

SL: It's going down

PV: N/A

Hey {first_name},

Our discovery call is happening later today.

Let me strip away all of the nerves before we speak with one another.

I want to remind you about my guarantee to continue working free of charge if you haven't got it working by the end of our timeframe.

This means that you're covered right up until the point where it doesn't matter anymore.

The only real way to lose here is by never taking a strike at winning.

All I'm going to ask is that you keep an open mind throughout it.

Here's the link for the discovery call by the way: [LINK]

I'm looking forward to it.

8. Reminder / Urgency & Scarcity:

SL: One hour left

PV: N/A

Hey {first_name},

Our discovery call is happening in about an hour.

I want to be straight with you about the timing aspect.

I'm just taking on ten people in this particular cohort and it's only going to be open for the next three days.

You want to be active rather than passive in your decision-making if I've piqued your interest at all.

Our discovery call gives you the chance to do that: [LINK]

Just make sure that you join up on a laptop while sitting inside of a quiet room.

I'm looking forward to it.

- Blaze
